THE EFC FORMULA, 2016-2017

What is the EFC?

The Expected Family Contribution (EFC) is a number that determines students' eligibility for federal student aid. The EFC formulas use the financial information students provide on their Free Application for Federal Student Aid (FAFSA®) to calculate the EFC. Financial aid administrators (FAAs) subtract the EFC from students' cost of attendance (COA) to determine their need for the following federal student financial assistance offered by the U.S. Department of Education (the Department):

- Federal Pell Grants,
- Subsidized Stafford Loans through the William D. Ford Federal Direct Loan Program,
- Federal Supplemental Educational Opportunity Grants (FSEOG),
- · Federal Perkins Loans, and
- Federal Work-Study (FWS).

The Teacher Education Assistance for College and Higher Education Grant (TEACH Grant) is a non-need-based federal program, for which a student must also use the FAFSA to apply.

The methodology for determining the EFC is found in Part F of Title IV of the Higher Education Act of 1965, as amended (HEA). Tables used in the computation of the EFC for the 2016–2017 Award Year were published in the May 27, 2015 Federal Register (ifap.ed.gov/fregisters/FR052715.html) (80 FR 30217). The tables were updated in the August 3, 2015 Federal Register (ifap.ed.gov/fregisters/FR080315CorrectiontotheFederalNeedAnalysisMethodologyforthe20162017AY.html) (80 FR 45966).

What is the source of data used in EFC calculations?

All data used to calculate a student's EFC comes from the information the student provides on the FAFSA. A student may submit a FAFSA:

- by using FAFSA on the Web,
- by filing an application electronically through a school, or
- by mailing a FAFSA to the Central Processing System (CPS).

Students who applied for federal student aid in the previous award year may be eligible to reapply using a renewal FAFSA online. Applying for federal aid is free, but to be considered for non-federal aid (such as institutional aid), students may have to fill out additional forms, which might have a fee.

We encourage applicants to complete the FAFSA electronically because there are edits that reduce applicant errors and customize the questions presented based on answers to prior questions. The electronic version also contains additional instructions and help features and allows the Department to send results to the students and schools more quickly.

Who processes the application, and how are students notified of their EFC?

The CPS receives the student's application data, either electronically or on the paper application, and uses it to calculate an EFC. After the FAFSA has been processed, the CPS sends the student an output document containing information about his or her application results. This document, which can be paper or electronic, is called a Student Aid Report (SAR). The SAR lists all the information from the application and indicates whether the application was complete and signed. If the application is complete and signed and there are no data conflicts, the SAR also includes the student's EFC. Students are instructed to carefully check the accuracy of the information on the SAR. All schools listed on the student's FAFSA receive application information and processing results in an electronic file called an Institutional Student Information Record (ISIR).

Which EFC Formula Worksheet should be used?

There are three regular formulas and a simplified version of each:

- Formula A for dependent students,
- Formula B for independent students without dependents other than a spouse, and
- Formula C for independent students with dependents other than a spouse.

Instructions for applicants who are eligible for the automatic zero EFC calculation are included in each worksheet. See page 5 for more information on which students qualify for an automatic zero EFC

Formula A Worksheet	pages 9–12
Simplified Formula A Worksheet Tables A1 through A7 (use with Formula A Worksheet)	
Formula B Worksheet	pages 21–22
Simplified Formula B Worksheet Tables B1 through B4 (use with Formula B Worksheet)	
Formula C Worksheet	pages 29–30
Simplified Formula C Worksheet Tables C1 through C6 (use with Formula C Worksheet)	
Note: Do not complete the shaded areas in the simplified work	ale a atas

Note: Do <u>not</u> complete the shaded areas in the simplified worksheets; asset information is not required in the simplified formulas.

What is the definition of an independent student?

Because the EFC formula for a dependent student uses parental data and the two formulas for independent students do not, the first step in calculating a student's EFC is to determine his or her dependency status. For the 2016–2017 Award Year, a student is automatically determined to be independent for federal student aid if he or she meets one or more of the following criteria:

- The student was born before January 1, 1993.
- The student is married or separated (but not divorced) as of the date of the application.
- At the beginning of the 2016–2017 school year, the student will be enrolled in a master's or doctoral degree program (such as MA, MBA, MD, JD, PhD, EdD, or graduate certificate, etc.).
- The student is currently serving on active duty in the U.S. Armed Forces or is a National Guard or Reserves enlistee called into federal active duty for purposes other than training.
- The student is a veteran of the U.S. Armed Forces (see the definition in the box on page 4).
- The student has or will have one or more children who receive more than half of their support from him or her between July 1, 2016 and June 30, 2017.
- The student has dependent(s) (other than children or spouse) who live with him or her and who receive more than half of their support from the student, now and through June 30, 2017.
- At any time since the student turned age 13, both of the student's parents were deceased, or the student was in foster care or was a dependent or ward of the court.
- As determined by a court in the student's state of legal residence, the student is now, or was upon reaching the age of majority, an emancipated minor (released from control by his or her parent or guardian).
- As determined by a court in the student's state of legal residence, the student is now, or was upon reaching the age of majority, in legal guardianship.
- On or after July 1, 2015, the student was determined by a high school or school district homeless liaison to be an unaccompanied youth who was homeless or was self-supporting and at risk of being homeless.
- On or after July 1, 2015, the student was determined by the director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development to be an unaccompanied youth who was homeless or was self-supporting and at risk of being homeless.
- At any time on or after July 1, 2015, the student was determined by a director of a runaway or homeless youth basic center or transitional living program to be an unaccompanied youth who was homeless or was self-supporting and at risk of being homeless.
- The student was determined by the college financial aid administrator to be an unaccompanied youth who is homeless or is self-supporting and at risk of being homeless.

For students who do not meet any of the above criteria but who have documented unusual circumstances, an FAA can override their dependency status from dependent to independent. For information about dependency overrides, see the Application and Verification Guide, which is part of the Federal Student Aid Handbook and can be found on the IFAP Web site.

TERMS USED IN THE DEFINITION OF AN INDEPENDENT STUDENT

LEGAL DEPENDENT. Any children of the student who receive more than half of their support from the student (children do not have to live with the student), including a biological or adopted child. Also, any persons, other than a spouse, who live with the student and receive more than half of their support from the student now and will continue to receive more than half of their support from the student through June 30, 2017.

VETERAN. A student who: (1) has engaged in active service in the U.S. Armed Forces (Army, Navy, Air Force, Marines, or Coast Guard), or has been a member of the National Guard or Reserves who was called to active duty for purposes other than training, or was a cadet or midshipman at one of the service academies, or attended a U.S. military academy preparatory school, and (2) was released under a condition other than dishonorable. A veteran is also a student who does not meet this definition now but will by June 30, 2017.

Which students qualify for the simplified EFC formulas?

The following criteria determine which students have their EFCs calculated by a simplified formula. Assets are not considered in the simplified EFC formulas.

For the 2016–2017 Award Year, a **dependent** student qualifies for the simplified EFC formula if both (1) below and (2) on the next page are true:

(1) Anyone included in the **parents'** household size (as defined on the FAFSA) received benefits during 2014 or 2015 from any of the designated means-tested federal benefit programs: the Supplemental Security Income (SSI) Program, the Supplemental Nutrition Assistance Program (SNAP), the Free and Reduced Price School Lunch Program, the Temporary Assistance for Needy Families (TANF) Program¹, and the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC);

OR

the student's parents:

- filed or were eligible to file a 2015 IRS Form 1040A or 1040EZ²,
- filed a 2015 IRS Form 1040 but were not required to do so³, or
- were not required to file any income tax return;

OR

the student's **parent** is a dislocated worker.

¹ The TANF Program may have a different name in the student's or student's parents' state.

² For qualifying for the simplified or automatic zero EFC calculations, the following 2015 income tax forms are considered equivalent to an IRS Form 1040A or 1040EZ: the income tax return required by the tax code of the Commonwealth of Puerto Rico, Guam, American Samoa, the U.S. Virgin Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or Palau.

³ Applicants who are not required to complete an IRS Form 1040, but do so solely to claim an educational tax credit are considered eligible if they meet all the other requirements for the simplified EFC formulas.

AND

- (2) The combined 2015 income of the student's parents is \$49,999 or less.
 - For tax filers, use the parents' adjusted gross income from the tax return to determine if income is \$49,999 or less.
 - For non-tax filers, use the income shown on the 2015 W-2 forms of both parents (plus any other earnings from work not included on the W-2s) to determine if income is \$49,999 or less.

For the 2016–2017 Award Year, an **independent** student qualifies for the simplified EFC formula if both (1) and (2) below are true:

(1) Anyone included in the **student's** household size (as defined on the FAFSA) received benefits during 2014 or 2015 from any of the designated means-tested federal benefit programs: the SSI Program, SNAP, the Free and Reduced Price School Lunch Program, the TANF Program⁴, and WIC;

OR

the student and student's spouse (if the student is married) both

- filed or were eligible to file a 2015 IRS Form 1040A or 1040EZ⁵,
- filed a 2015 IRS Form 1040 but were not required to do so⁶, or
- were not required to file any income tax return;

OR

the student (or the student's spouse, if any) is a dislocated worker.

AND

- (2) The student's (and spouse's) combined 2015 income is \$49,999 or less.
 - For tax filers, use the student's (and spouse's) adjusted gross income from the tax return to determine if income is \$49,999 or less.
 - For non-tax filers, use the income shown on the student's (and spouse's) 2015 W-2 forms (plus any other earnings from work not included on the W-2s) to determine if income is \$49,999 or less.

Which students qualify for an automatic zero EFC calculation?

Certain students are automatically eligible for a zero EFC. The requirements for receiving an automatic zero EFC are the same as those for the simplified EFC calculation except for these differences:

- The income threshold for the parents of dependent students and for independent students and their spouses is \$25,000 or less (for an automatic zero EFC) instead of \$49,999 or less (for the simplified EFC calculation), and
- For independent students, those without dependents other than a spouse cannot receive an automatic zero EFC.

⁴ See note 1 on page 4.

⁵ See note 2 on page 4.

⁶ See note 3 on page 4.

Note: The income threshold for an automatic zero EFC has increased to \$25,000 for the 2016–2017 Award Year.

For the 2016–2017 Award Year, a **dependent student** automatically qualifies for a zero EFC if both (1) and (2) are true.

(1) Anyone included in the **parents'** household size (as defined on the FAFSA) received benefits during 2014 or 2015 from any of the designated means-tested federal benefit programs: the SSI Program, SNAP, the Free and Reduced Price School Lunch Program, the TANF Program⁷, and WIC;

OR

the student's parents:

- filed or were eligible to file a 2015 IRS Form 1040A or 1040EZ⁸,
- filed a 2015 IRS Form 1040 but were not required to do so⁹, or
- were not required to file any income tax return;

OR

the student's **parent** is a dislocated worker.

AND

- (2) The combined 2015 income of the student's **parents** is \$25,000 or less.
 - For tax filers, use the parents' adjusted gross income from the tax return to determine if income is \$25,000 or less.
 - For non-tax filers, use the income shown on the 2015 W-2 forms of both parents (plus any other earnings from work not included on the W-2s) to determine if income is \$25,000 or less.

An **independent student with dependents other than a spouse** automatically qualifies for a zero EFC if both (1) below and (2) on the next page are true:

(1) Anyone included in the **student's** household size (as defined on the FAFSA) received benefits during 2014 or 2015 from any of the designated means-tested federal benefit programs: the SSI Program, SNAP, the Free and Reduced Price School Lunch Program, the TANF Program¹⁰, and WIC;

OR

the student and student's spouse (if the student is married) both

- filed or were eligible to file a 2015 IRS Form 1040A or 1040EZ¹¹,
- filed a 2015 IRS Form 1040 but were not required to do so¹², or
- were not required to file any income tax return;

OR

the student (or the student's spouse, if any) is a dislocated worker.

⁷ See note 1 on page 4.

⁸ See note 2 on page 4.

⁹ See note 3 on page 4.

¹⁰ See note 1 on page 4.

¹¹ See note 2 on page 4.

¹² See note 3 on page 4.

AND

- (2) The student's (and spouse's) combined 2015 income is \$25,000 or less.
 - For tax filers, use the student's (and spouse's) adjusted gross income from the tax return to determine if income is \$25,000 or less.
 - For non-tax filers, use the income shown on the student's (and spouse's) 2015 W-2 forms (plus any other earnings from work not included on the W-2s) to determine if income is \$25,000 or less.

Note: An **independent student without dependents other than a spouse** is not eligible for an automatic zero EFC.

Why might a calculation of an EFC using these worksheets differ from the EFC reported on a student's SAR?

When it appears that an applicant has reported inconsistent data, the CPS may make certain assumptions to resolve the inconsistency. These assumed values, which are reported on the student's SAR, are used to calculate the student's EFC. Therefore, in some cases, the EFC produced by these worksheets may differ from the EFC produced by the CPS if the assumed values are not used.

In addition, to help reconcile EFC Formula Worksheet calculations with those of the CPS, all calculations should be carried to three decimal places and then rounded to the nearest whole numbers. Round upward for results of .500 to .999, round downward for results of .001 to .499. Rounding should be performed so that the intermediate value that is the result of each step does not have any decimal digits.

Missouri	4%	3%				

To calculate the state and other tax allowance, multiply the Parents' Total Income (EFC Formula A Worksheet, line 7) by the appropriate rate from the table above to get the "State and Other Tax Allowance" (EFC Formula A Worksheet, line 9). Use the parents' State of Legal Residence (FAFSA/SAR #70). If this item is blank or invalid, use the student's State of Legal Residence (FAFSA/SAR #18). If both items are blank or invalid, use the State in the Student's Mailing Address (FAFSA/SAR #6). If all three items are blank or invalid, use the rate for a blank or invalid state above.

Table A2: Social Security Tax				
Income Earned from Work* Social Security Tax				
\$0 – \$118,500 7.65% of income				
\$118,501 or greater \$9,065.25 + 1.45% of amount over \$118,500				

Calculate separately the Social Security tax of parent 1, parent 2, and the student.

*Parent 1 (father/mother/stepparent) 2015 income earned from work is FAFSA/SAR #88 Parent 2 (father/mother/stepparent) 2015 income earned from work is FAFSA/SAR #89 Student's 2015 income earned from work is FAFSA/SAR#39 Social Security Tax will never be less than zero.

Table A3: Income Protection Allowance								
Number in parents' household, including	Number of college students in the household (FAFSA/SAR #74				Number of college students in the household (FAFSA/SA			A/SAR #74)
student (FAFSA/SAR #73)	1 2 3 4							
2	\$17,840	\$14,790	not applicable	not applicable	not applicable			
3	\$22,220	\$19,180	\$16,130	not applicable	not applicable			
4	\$27,440	\$24,390	\$21,350	\$18,300	not applicable			
5	\$32,380	\$29,320	\$26,290	\$23,240	\$20,200			
6	\$37,870	\$34,820	\$31,780	\$28,730	\$25,690			

Note: For each additional family member, add \$4,270.

For each additional college student (except parents), subtract \$3,040.

Table A4: Business/Farm Net Worth Adjustment for EFC Formula A Worksheet (parents only)				
If the net worth of a business or farm is— Then the adjusted network is—				
Less than \$1	\$0			
\$1 to \$125,000	40% of net worth of business/farm			
\$125,001 to \$380,000	\$50,000 + 50% of net worth over \$125,000			
\$380,001 to \$635,000	\$177,500 + 60% of net worth over \$380,000			
\$635,000 or more	\$330,500 + 100% of net worth over \$635,000			

Table A5: Parents' Education Savings and Asset Protection Allowance

for EFC Formula A Worksheet (parents only)

Age of older parent as of 12/31/2016*	Allowance if there are two parents**	Allowance if there is only one parent	Age of older parent as of 12/31/2016*	Allowance if there are two parents**	Allowance if there is only one parent
25 or less	\$0	\$0	46	\$17,800	\$9,000
26	1,000	500	47	18,300	9,200
27	2,100	1,100	48	18,700	9,400
28	3,100	1,600	49	19,200	9,700
29	4,100	2,100	50	19,700	9,900
30	5,200	2,600	51	20,200	10,100
31	6,200	3,200	52	20,700	10,400
32	7,200	3,700	53	21,300	10,600
33	8,300	4,200	54	21,800	10,900
34	9,300	4,700	55	22,400	11,100
35	10,300	5,300	56	23,000	11,400
36	11,400	5,800	57	23,700	11,700
37	12,400	6,300	58	24,300	12,000
38	13,400	6,800	59	25,000	12,300
39	14,500	7,400	60	25,700	12,600
40	15,500	7,900	61	26,400	12,900
41	15,900	8,100	62	27,200	13,200
42	16,300	8,300	63	27,900	13,600
43	16,600	8,500	64	28,800	13,900
44	17,000	8,600	65 or older	29,600	14,300
45	17,400	8,800			

^{*} Determine the age of the older parent listed in FAFSA/SAR #64 and #68 as of 12/31/2016. If no parent date of birth is provide, use age 45.

^{**} Use the two parent allowance when the Parents' Marital Status listed in FAFSA/SAR #59 is "married or remarried" or "unmarried and both parents are living together."

Table A6: Parents' Contribution from AAI				
If the parents' AAI— Then the parents' contribution from AAI is—				
Less than -\$3,409	-\$750			
\$-3,409 to \$15,900	22% of AAI			
\$15,901 to \$20,000 \$3,498 + 25% of AAI over \$15,900				
\$20,001 to \$24,100 \$4,523 + 29% of AAI over \$20,000				
\$24,101 to \$28,200 \$5,712 + 34% of AAI over \$24,100				
\$28,201 to \$32,200 \$7,106 + 40% of AAI over \$28,200				
\$32,201 or more	\$8,706 + 47% of AAI over \$32,200			

Table A7: State and Other Tax Allowance

To calculate the state and other tax allowance, multiply the Student's Total Income (EFC Formula A Worksheet, line 35) by the appropriate rate from the table above to get the "State and Other Tax Allowance" (EFC Formula A Worksheet, line 37). Use the Student's State of Legal Residence (FAFSA/SAR #18) reported on the FAFSA. If this item is blank or invalid, use the state in the student's mailing address (FAFSA/SAR #6). If both items are blank or invalid, use the Parents's State of Legal Residence (FAFSA/SAR #70). If all three items are blank or invalid, use the rate for a blank or invalid state above.

To calculate the state and other tax allowance, multiply the total income of the student and spouse (EFC Formula B Worksheet, line 7) by the appropriate rate from the table above to determine the "State and Other Tax Allowance" (EFC Formula B Worksheet, line 9). Use the Student's State of Legal Residence (FAFSA/SAR #18) reported on the FAFSA. If this item is blank or invalid, use the state in the student's mailing address (FAFSA/SAR #6). If both items are blank or invalid, use the rate for a blank or invalid state above.

Table B2: Social Security Tax			
Income Earned from Work* Social Security Tax			
\$0 – \$118,500 7.65% of income			
\$118,501 or greater \$9,065.25 + 1.45% of amount over \$118,500			

Calculate separately the Social Security tax of the student and spouse.

*Student's 2015 income earned from work is FAFSA/SAR #39 Spouse's 2015 income earned from work is FAFSA/SAR #40 Social Security Tax will never be less than zero.

Table B3: Business/Farm Net Worth Adjustment				
If the net worth of a business or farm is— Then the adjusted network is—				
Less than \$1 \$0				
\$1 to \$125,000 40% of net worth of business/farm				
\$125,001 to \$380,000 \$50,000 + 50% of net worth over \$12				
\$380,001 to \$635,000 \$177,500 + 60% of net worth over \$380,				
\$635,001 or more \$330,500 + 100% of net worth over \$635,				

Table B4: Asset Protection Allowance						
Age of Student as of 12/31/2016* Allowance for Married Student		Allowance for Unmarried Student	Age of Student as of 12/31/2016*	Allowance for Married Student	Allowance for Unmarried Student

To calculate the state and other tax allowance, multiply the total income of the student and spouse (EFC Formula C Worksheet, line 7) by the appropriate rate from the table above to get the "State and Other Tax Allowance" (EFC Formula C Worksheet, line 9). Use the student's State of Legal Residence (FAFSA/SAR #18) reported on the FAFSA. If this item is blank or invalid, use the State in the Student's Mailing Address (FAFSA/SAR #6). If both items are blank or invalid, use the rate for a blank or invalid state above.

Table C2: Social Security Tax			
Income Earned from Work* Social Security Tax			
\$0 - \$118,500	7.65% of income		
\$118,501 or greater	\$9,065.25 + 1.45% of amount over \$118,500		

Calculate separately the Social Security tax of the student and spouse.

Table C3: Income Protection Allowance							
Number in student's household, including student (FAFSA/SAR #95)	Number of college students in the household (FAFSA/SAR #96)
